## Description

This generic unit standard is for people who conduct internal or external moderation of outcomes-based assessments. The assessments could be in terms of outcomes defined in a number of documents, including but not limited to unit standards, exit level outcomes, assessment standards, Curriculum statements and qualifications.

The Moderator training course will further your understanding of the National Qualifications Framework (NQF)

and will help you in developing your skills and acquiring a variety of qualifications within the fields of Education

Training and Development Practices and Human Resource Development.

Those who have achieved this unit standard will be able to moderate assessments in terms of the relevant outcome statements and quality assurance requirements. The candidate-moderator will be able to use the prescribed Quality Assurance procedures in a fair, valid, reliable and practicable manner that is free of all bias

and discrimination, paying particular attention to the three groups targeted for redress: race, gender and disability.
